HAMILTON CATHOLIC HIGH SCHOOL

Hamilton, Ohio

FOREWORD

"Memories are but dreams of long ago" says the philosopher. In the years to come we will often dream back to these high school days—the classes . . . the games . . . the dances . . . the activities . . . our classes our classmates . . . all the things which were crowded into our hectic schedule. We of the Annual Staff sincerely hope that this volume will give substance to those dreams.

DEDICATION

Brother John autographs Bill Huber's cast

Brother John Keegan, S.M., has worked untiringly for our betterment. He has assisted us not only to acquire "book-learnin' " but also to achieve that state known as Manhood.

In deepest appreciation of his efforts, we respectfully dedicate The Ram '57 to him who is both our model and our friend.

CLASS OF '57

PRINCIPAL'S MESSAGE

Dear graduates of 1957,

Again it is time to say goodbye and to wish you all God's blessing. May He keep you in the years to come and guide you. I'm sure the faculty joins me in wishing you all well and we will certainly follow with much interest your future progress.

You have accomplished much in acquiring a High School Diploma. It is a real certificate of achievement. You are to be congratulated. Wonderful step forward as a diploma is, let it serve as encouragement to more. Aim for the future and determine to advance with giant strides. Your high school years have shown you a blueprint for life, a sure guide for your feet. Do not let go of those precious habits of faith and study for fear of stumbling seriously. Do not consider a future gain at the expense of even a rosary. Hold fast to your principles and be satisfied not just for having graduated from Catholic High but in the years to come for having done so well that that school will proudly claim you forever.

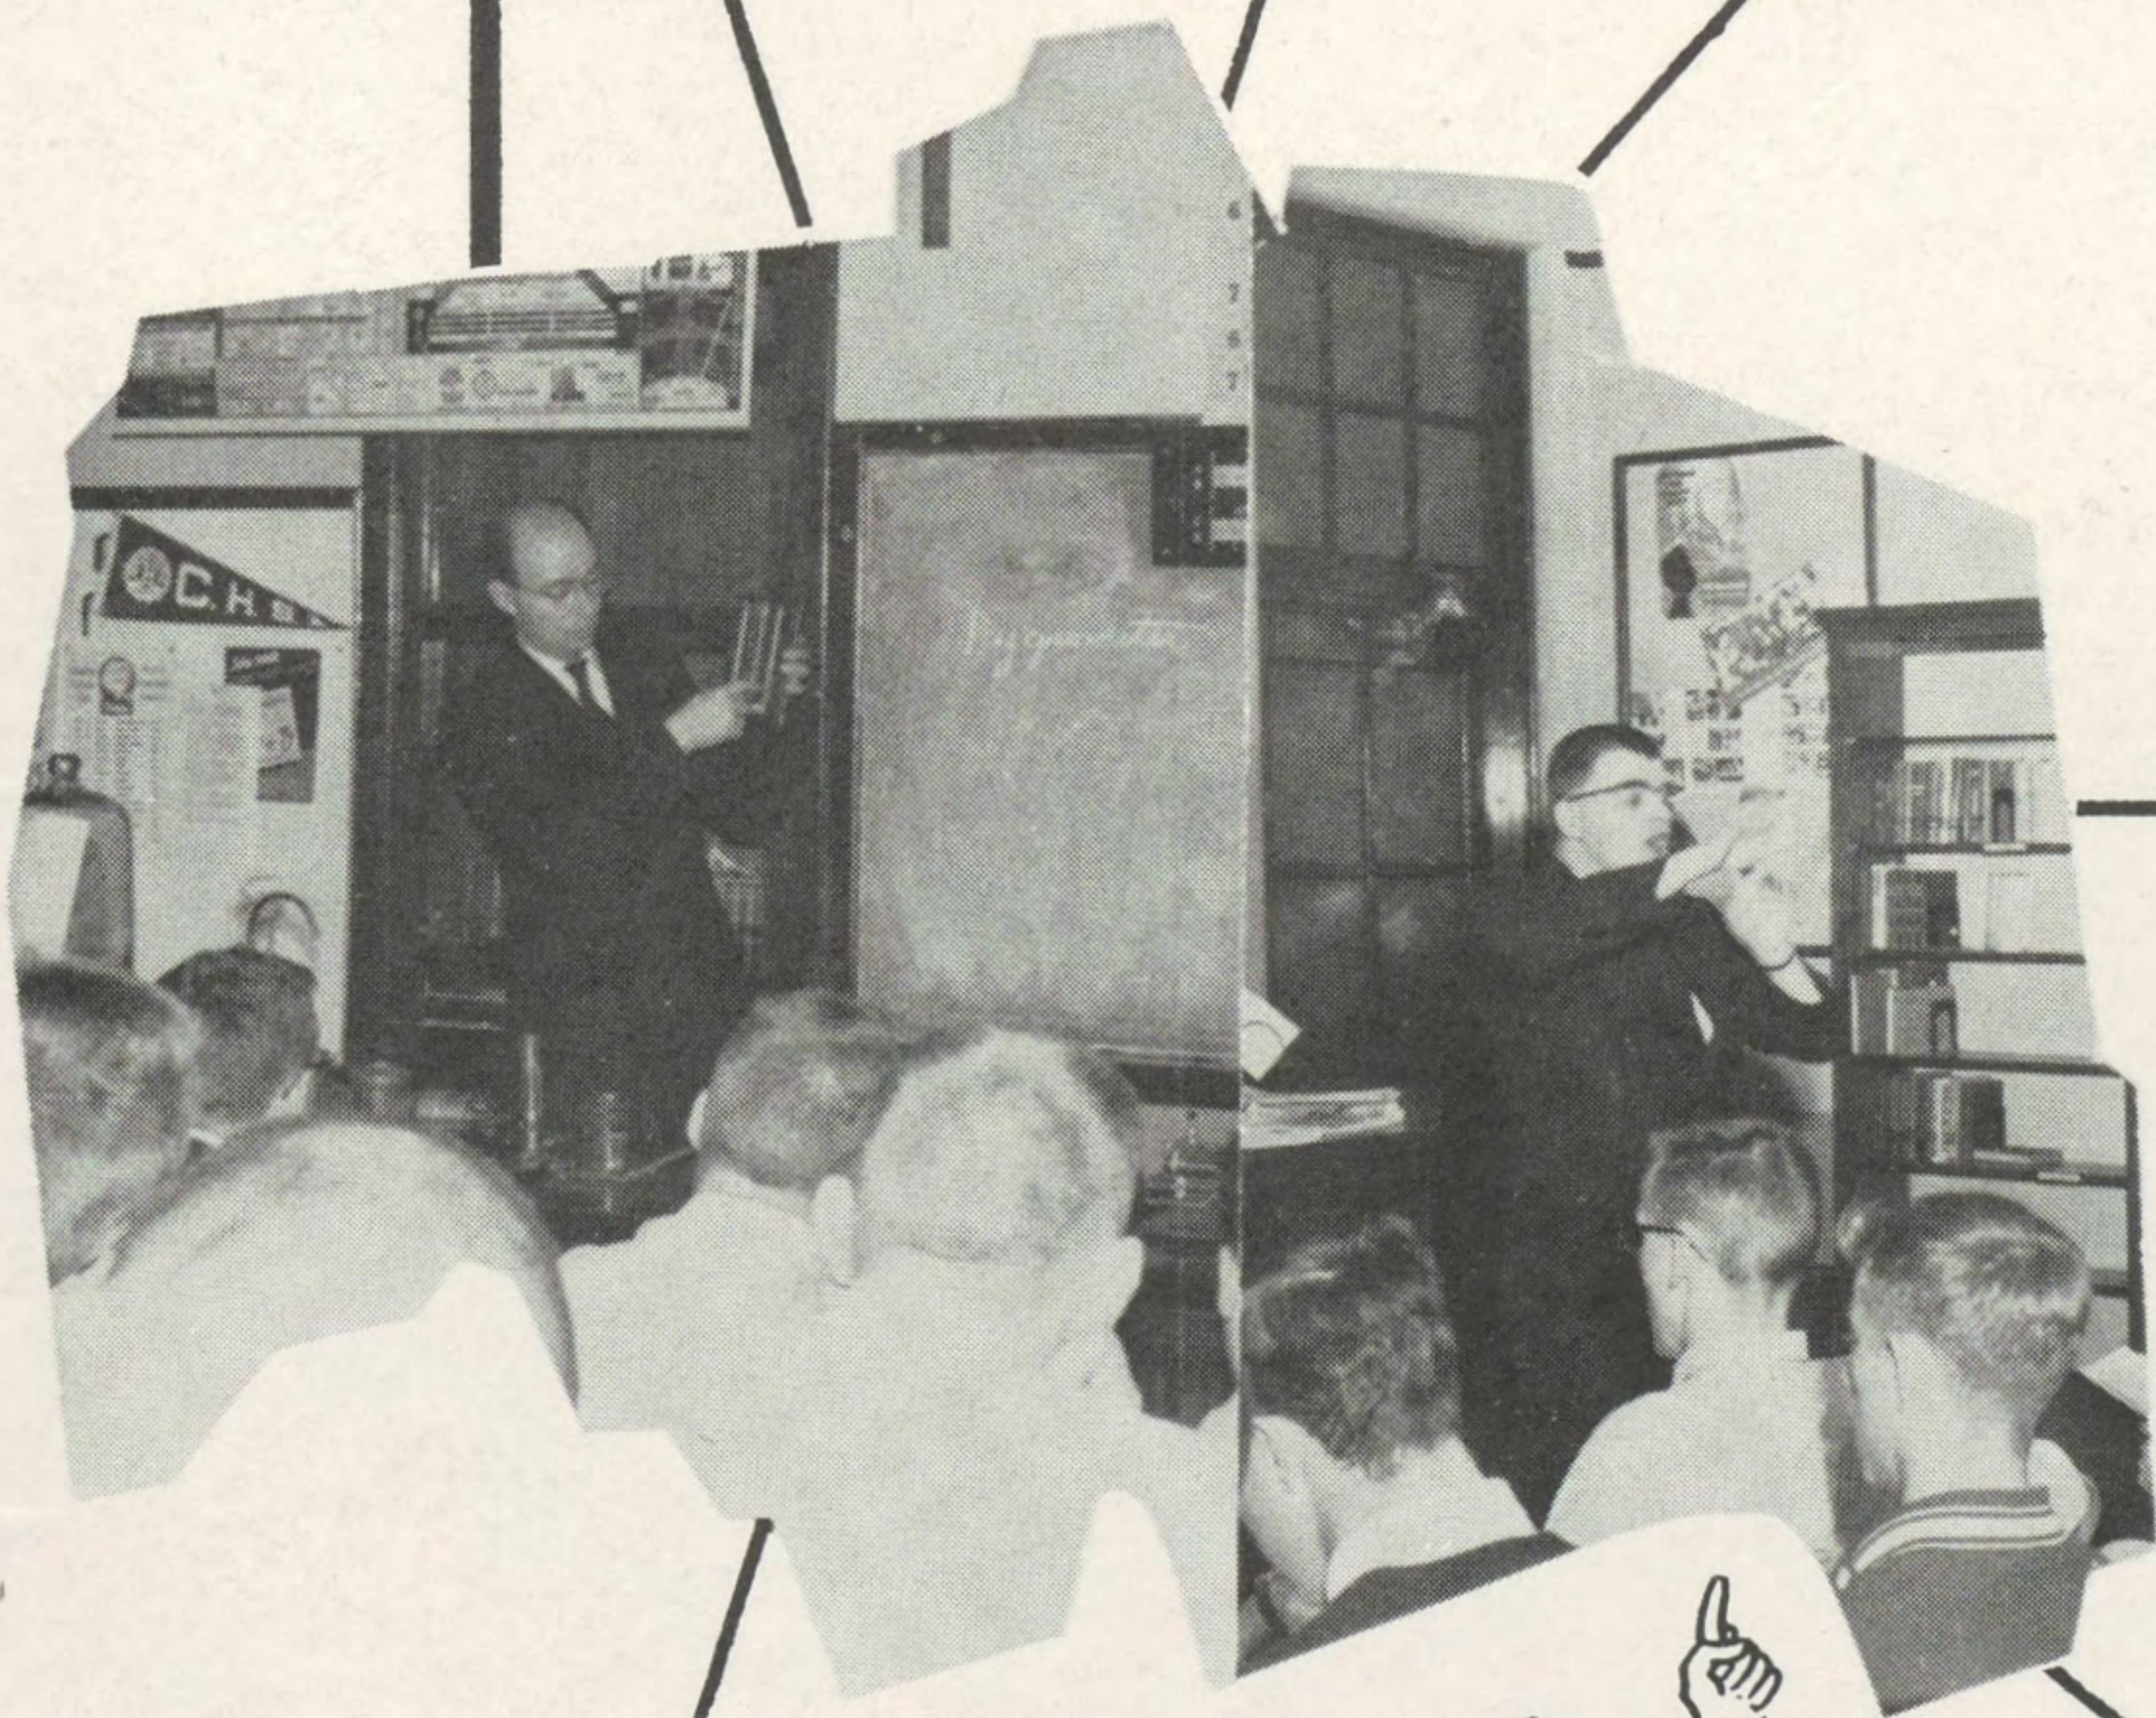

Sincerely yours,

Brother Joseph Gaudet, S.M.

HAMILTON FOUNDRY and You!

Hamilton Quality Castings

Who we are The Hamilton Foundry & Machine Company is a modern semi-production and jobbing iron foundry. We're only three-quarters of a century young and believe the best years are ahead of us.

What we do We start with formless things like pig iron, scrap, limestone, coke and sand. We melt the metal and limestone with coke and air . . . mold the sand . . . and impart form and value to these materials. This is how we make the HAMILTON QUALITY CASTINGS that are essential to modern living; for a multitude of products such as appliances, office equipment and machine tools. The acceptance of HAMILTON QUALITY CASTINGS is demonstrated by hundreds of prominent users on a local and national scale.

What we offer

- 1) The personal satisfaction of producing something useful; seeing good castings emerge from something so basic as pig iron, coke and sand.
- 2) Good compensation and employee benefits.
- 3) Opportunity to grow through a training program; by full-time work or a co-op plan.
- 4) A friendly, stable organization in an essential industry.

Interested? Write today and tell us about yourself. Address your letter to our President, Mr. Peter E. Rentschler. Ask for our booklet, "HAMILTON QUALITY CASTINGS" and an appointment. We'll be glad to talk with you; and you may find it worthwhile, too.

**"Do you
have
a bank
account?"**

This question is often asked when applications for positions or promotions are being considered. It is asked by landlords, too, and by business firms when credit is applied for.

Yes, when the responsibility of a young man or woman is being weighed, the thrift habit, or lack of it, is an important consideration.

An especially impressive endorsement is the ownership of a bank account. And may we suggest that there will never be a better time than NOW to start one.
