A Year Of Excellence

A YEAR OF EXCELLENCE

*This was a year marked by
laughter,
cheers, perservance, and
sorrow. Legends left us af-
ter being here
for decades, yet new faces
are showing us the way Our
building
has evolved, but it
remains the heart of all
past and present
students. Our athletes have
excelled, gaining state titles
and continue to work
toward success. Whether
it's in the little theatre, on
the hill, or in the chapel,
Badin pride, tradition, and
unity shine through our
student body. When you pull
this book out twenty years
from now you'll remember
the year 2004,
the year you were a star.*

Dedication:

It is only fitting that this yearbook be dedicated to the two people who themselves are the embodiment of dedication to our school, Margaret Winkeljohn and Betty Taggart.

Ms. Winkeljohn, better known as "Wink" to the students, joined the Ram staff in 1974 as an English teacher. Through the years she served in many positions, including the school's assistant principal, dean of girls and coach of the swimming and diving team. As part of the English department she supervised both the newspaper and yearbook. Ms. Winkeljohn was named principal in January of 1992 and held the post until 2003, when she retired after 28 years of service to the school to start a new adventure—the married life. She married Charles Hickel in the spring of that year and has moved to her hometown of Findlay, Ohio.

Thelma and Louise

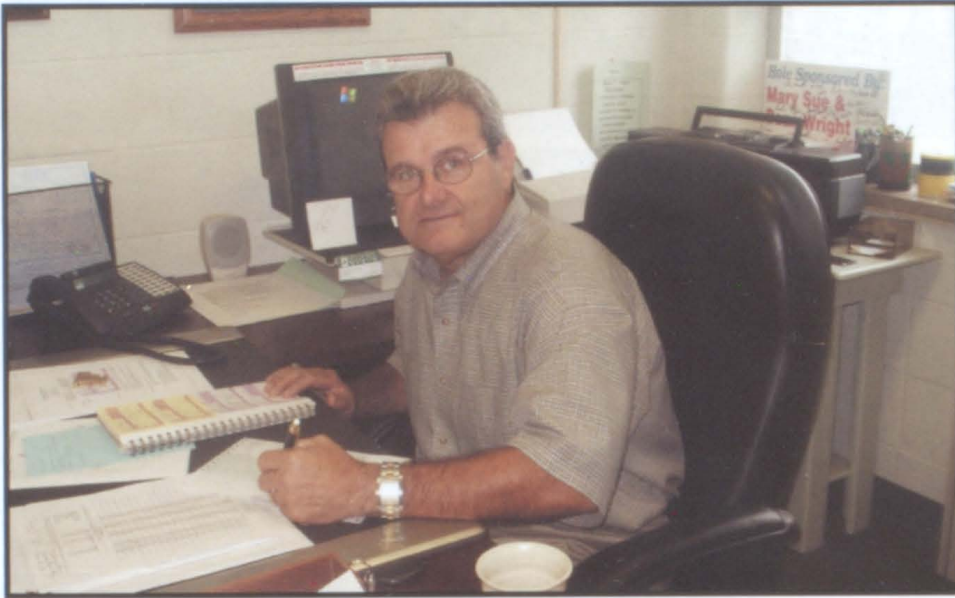

Mrs. Taggart managed the school's bookstore for nearly 25 years earning the fond title of "Bookstore Betty" from students and staff. Many of her children and grandchildren, including senior Karen Williams, have attended Badin. As bookstore manager, Mrs. Taggart ordered supplies for both students and teachers, ranging from paper clips to grade books and novels to workbooks. She retired at the end of last year in order to spend more time with her children, grandchildren, and great-grandchildren who are spread from California to Florida.

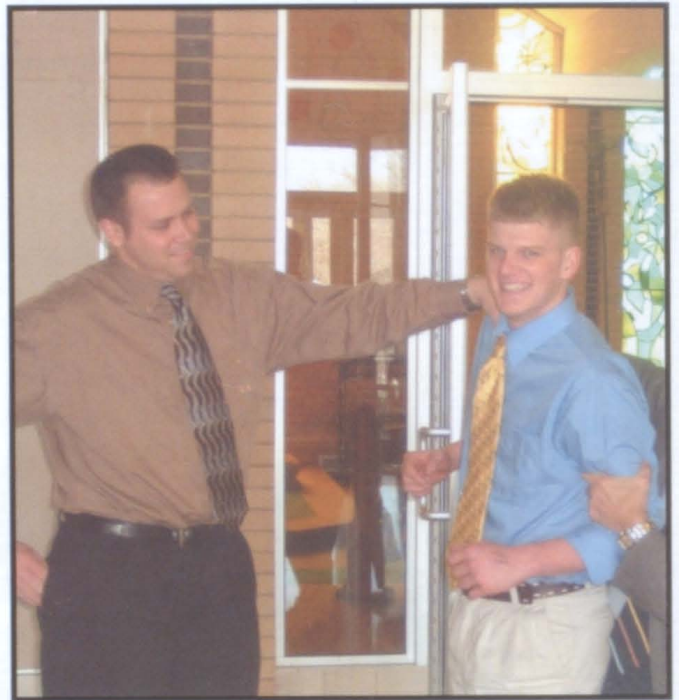

They have spent countless hours in our service, seeing that we always had what we needed and that we were our best. Their combined 53 years of dedication deserves our profound gratitude. We wish them continued success and long lives to enjoy God's blessings.

Directed By:

The "Godfather" himself, Mr. Frank Margello. He came as assistant principal 5 years ago after working for 25 plus years in public schools. He has continued many of the changes that Wink set in motion and implimented many changes of his own.

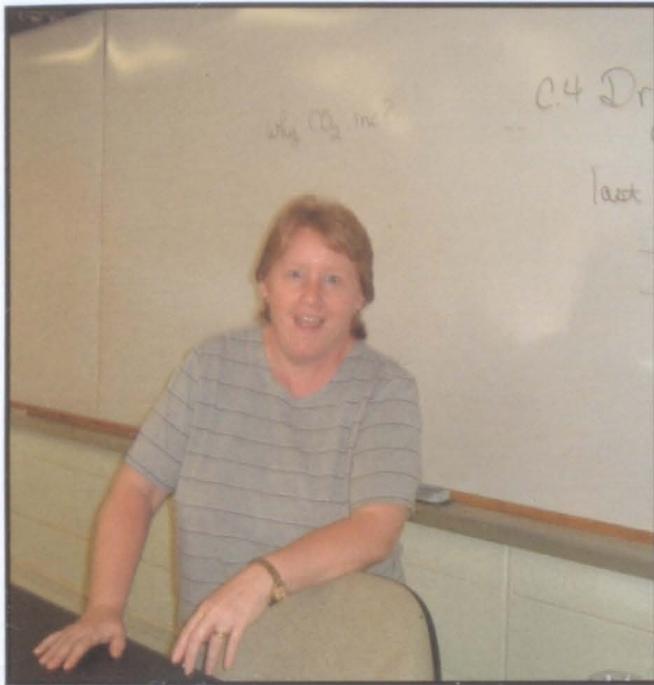

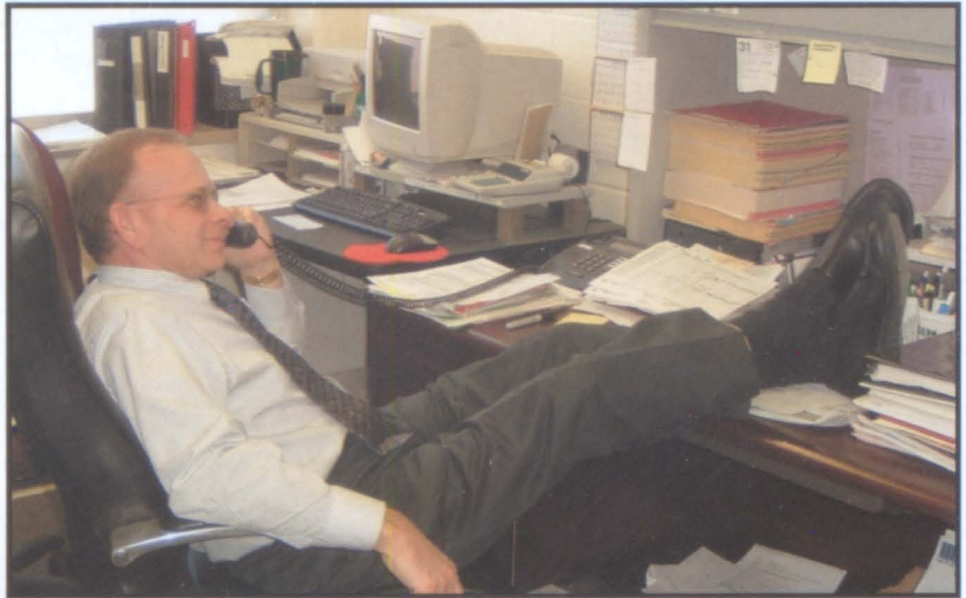

Assistant Director Mr. Brian Pendergest: a graduate, himself, has returned as a teacher, coach, assistant principal, role model, and friend.

Produced By:

Mr. Jim Endres retired from a banking career to become our business manager.

Mrs. Teresa Heinrich is the academic dean along with teaching chemistry. She also tends the garden behind the school for some tension relief.

Together the administration has successfully shepherded us through a year of changes and challenges.

*So we talked all night about the rest of our lives
Where we're gonna be when we turn 25
I keep thinking times will never change
Keep on thinking things will always be the same
But when we leave this year we won't be coming back
No more hanging out cause we're on a different track
And if you got something that you need to say
You better say it right now cause you don't have
another day
Cause we're moving on and we can't slow down
These memories are playing like a film without sound
And I keep thinking of that night in June
I didn't know much of love
But it came too soon
And there was me and you
And then we got real cool
Stay at home talking on the telephone with me
We'd get so excited, we'd get so scared
Laughing at our selves thinking life's not fair
And this is how it feels*

*As we go on
We remember
All the times we
Had together
And as our lives change
Come whatever
We will still be
Friends Forever*

*So if we get the big jobs
 And we make the big money
 When we look back now
 Will our jokes still be funny?
 Will we still remember everything we learned in school?
 Still be trying to break every single rule
 Will little brainy Bobby be the stockbroker man?
 Can we ever find a job that won't interfere with a tan?
 I keep, I keep thinking that it's not goodbye
 Keep on thinking it's a time to fly
 And this is how it feels*

*La, la, la, la...
 Yeah, yeah, yeah
 La, la, la, la...
 We will still be friends forever*

*Will we think about tomorrow like we think about now?
 Can we survive it out there?
 Can we make it somehow?
 I guess I thought that this would never end
 And suddenly it's like we're women and men
 Will the past be a shadow that will follow us 'round?
 Will these memories fade when I leave this town
 I keep, I keep thinking that it's not goodbye
 Keep on thinking it's a time to fly*

*And this is how it feels
 As we go on we remember
 All the times we had together
 And as our lives change
 Come whatever
 We will still be
 Friends Forever*

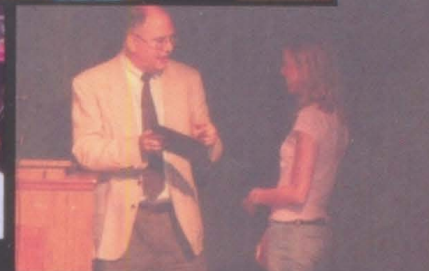

The End

*The best thing about any new school year is its
promise and potential.
What will this year bring?
What will we learn?
How much will we grow?*

*We faced 2003-2004 with excitement and
fear. We cheered, laughed, studied, prayed,
and cried. We changed,
we learned, and we grew.
It was, indeed, a year of excellence.*

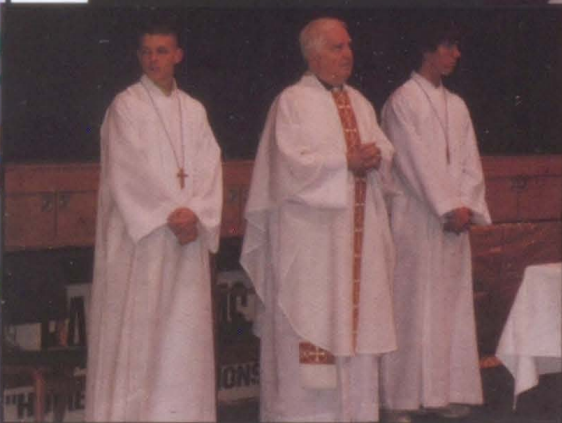

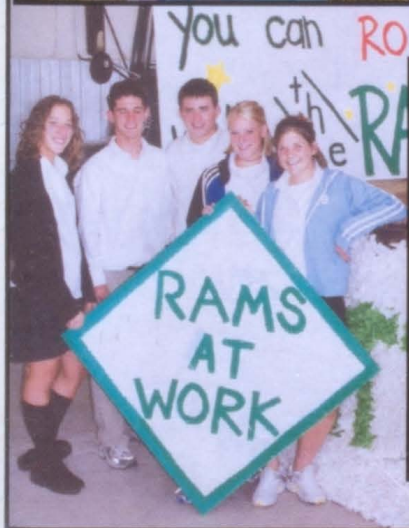

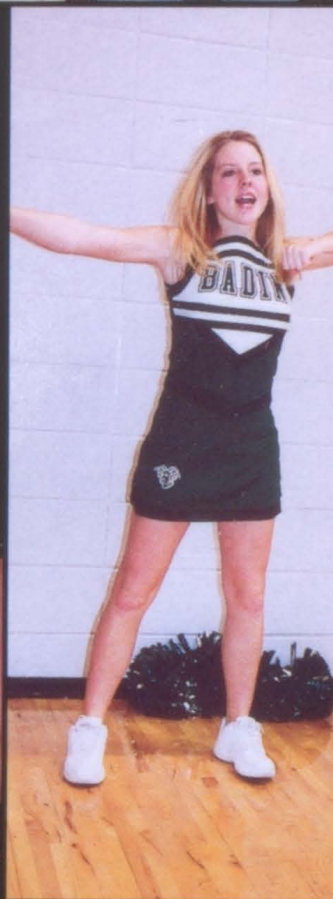

Many thanks to Mr. Dirk Allen for the use of his photos, his connections, and his unfailing memory for every student's name.

"Lady in Red" played by Andrea Zettler

"Bag Man" played by Johnathon Jones

Mrs. Palmer would like to thank the Rampage staff for their hard work and the faculty and staff for their support and kind words, especially Ms. Sally Kocher.

*Charlene Tucker- Autrey
June 15, 1946- April 24, 2004*

For twenty-one years Charlene Tucker served us as Guidance Director. She was devoted to her students, always going to great lengths to see that they could receive everything they needed and all that they deserved.

She would often track down those students overcome by a bout of senior-itis to remind them of important deadlines and missing requirements. She spent time each week at Butler Tech to insure that our students fulfilled the all-important Religion requirement. Each year she was instrumental in procuring millions of dollars in financial aid for "her" seniors. If there was anything she could do to help, she did. Her goal was to see that no one ever slipped through the cracks.

Mrs. Tucker was first in line to support struggling students and the first to applaud successful ones. She was a friend to her peers and a savior to countless stray animals. Her love of animals and the Barrier Islands of the Carolina coast was surpassed only by her love of her students. No one could ever say just how many lives she touched.

We will miss her dearly.
